SPOTLIGHT ON...

Barbara Hill, Executive Director High Country Early Intervention Program

In January, 2006, HCEIP welcomed a new executive director to replace Deb Veit, who retired in December, 2005. The new director is Barbara Hill, who comes to Prescott Valley by way of Simpsonville, SC. Barbara has been married to Gary for 29 years and has relocated to Prescott Valley as Gary will be working with Lockheed Martin in the new Flight Service facility to be completed next June. They have four children: Leigh, Nick, Hunter, and Casey. Barbara has worked with young children for more than 25 years. She has an Associates degree in General Education with an emphasis in Early Childhood Development, a Bachelors degree in Occupational Therapy, and a Masters in Healthcare Administration. As a part of HCEIP, Barbara has become an integral member of several local organizations including, Yavapai Communities for Young Children, Best for Babies, the Prescott Valley DES Collaborative Breakthrough Series, Chino Valley Area Partnership, the Policy Committee of the Interagency Coordinating Council, and Tri-City Partnership. When not at her computer or attending yet another meeting, Barbara enjoys spending time with her horse, Sassy, and her miniature schnauzer, Gizmo, as well as quilting, cross-stitching, and gardening.

High Country Early Intervention Program Mission:

HCEIP is dedicated to the belief that all children are capable of incredible growth despite any limitations they may presently be demonstrating. To that end we strive to work with Yavapai County's families with children (birth to 5) to provide the best possible Early Intervention services available, without regard to degree of delay, income or race.

HCEIP Vision:

In addition to our current services, HCEIP envisions the growth and expansion of our early intervention program to include a childcare/preschool center that will welcome children of all ability levels and to be able to provide services to those children who may need a boost to achieve their full potential, but may not fit the State criteria for developmental delay.
